

Since 1982 AGC Sound has been producing the finest in voice and sound modules for greeting cards, promotional items and more. Now we can also incorporate a video in your card or product. Please visit agcsound.com or call (800) 989-1876.

The sound modules used to create the Future of Work in Ste. Genevieve were purchased from AGC Sound. The company provided a significant discount on each module. The cost of these devices was paid through a grant from the Missouri Humanities Council as part of The Way We Worked.

What do you want to be when you grow up?

Please tell us by putting the form in the box or online.

See the Future of Work at the Linden House which is open Monday -Thursday from 10-4, Friday 10-6, Saturday 10-5, and Sunday Noon -4, or look on our website:
